

RENO FACILITY

Carolina Absorbent Cotton, a Division of Barnhardt Manufacturing Company, is expanding its Reno Manufacturing/Distribution Facility. The operation will increase in size to facilitate expansion of manufacturing and distribution of the Carolina Beauty Products, Intrinsic Spa Products, and Richmond™ Dental Products. Distribution for these products will cover the thirteen Western States.

This facility has manufactured Pharmaceutical Coil since 1997 and has earned a reputation for quality, performance and service. A United States Drug Master File is on file.

With the expansion the Facility will be registered as a Medical Device Facility for its Richmond Dental Product line. Richmond Dental is a leading manufacturer and provider of cotton rolls and cotton filled exodontia sponges. Barnhardt Manufacturing is a manufacturer and provider of bleached cotton for the medical and dental industry worldwide.

The Company's Beauty Products are sold under the Carolina Cotton label to Beauty Distributors nationally. Its Intrinsic's line is a leading provider of products to the spa market for all types of skin treatment.
